ABOUT ROMA

from Music Theatre International

Roma, or "Gypsies," as they are often referred to, have a prominent presence in both Victor Hugo's epic novel and Disney's adaptation of *The Hunchback of Notre Dame*. Roma are a people of rich and expansive history who were and still are persecuted today, and who are often stereotyped in popular culture.

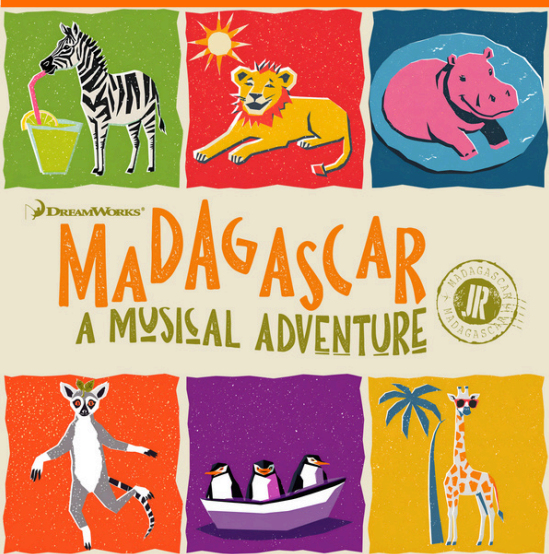

Gypsy is a contraction of "Egyptian" (the 16th century English name for Roma when they arrived in Britain), which came into use in the 17th century. Considered a racial slur by most Roma, it is no longer acceptable except when referring to quotes from literature, etc.
