### FRANKENSTEIN TAKES MANHATTAN!

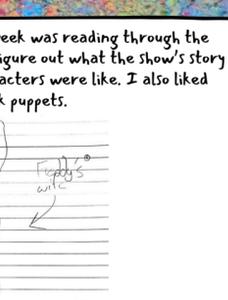

I love how when I first came out of Upside Arts camp on my first day, I felt like a new person. I also love how the counselors help us all the way and I love the songs, the choreography, and plays. But my favorite part is seeing how well the plays turned out. Yours truly,  
**SAM K.**

My highlight of Upside Arts was becoming Frankenstein's Monster and hanging out with friends.

My favorite part of Upside Arts camp is doing choreography and doing all the fun activities. All the counselors are so fun. They are so helpful with getting the costumes and setting up activities like the game "wa" and other games and that's what I like about Upside Arts.  
**NOFIA H.**

My favorite part of this session was getting to embody the character of Victor Frankenstein. Also, getting to learn all of the songs for Victor. "Changing the World" was my favorite.  
**ELI D.**

What I liked most about camp so far was the pirate scavenger hunt. There were 7 pieces of paper hidden all around camp. We had to find those letters and unscramble them because that was the weakness of the pirate that stole our ice pops! In the end we got our popsicles because one of our counselors dressed up as a mermaid, which was the weakness. Another thing I liked was learning the song "End of Time" because the music was SOOO dramatic and we got to interrupt the police.  
**LULU H.**

My highlight for the 3rd session of Upside Arts day camp is the pirate scavenger hunt. This is my highlight because I love going on adventures (mostly out in the wild, this one wasn't) but hunting for popsicles was fun too. The mermaid was very, very good at singing :) And it felt good to get a reward at the end. This is a map of the scavenger hunts:

This is how it turned out, not a precise map, but close enough.

**MY FAVORITE PART OF THIS WEEK WAS...**  
Rehearsing scenes and watching people rehearse was... I just loved watching the play come to life and watch people really become their characters.

My favorite part of camp was when we did the pirate scavenger hunt. I loved when the monsters came and took someone even though it was Micky T and Josh.  
**AVERY R.**

**X MARKS THE SPOT**  
One of my favorite times was the treasure hunt on pirate day. We got into teams and found clues. I also love blocking, singing, and dancing!

**FUN TIMES AT UPSIDE ARTS!**

**The Pirate Scavenger Hunt:**  
We did a scavenger hunt because one pirate took our popsicles and we had to find their hideout but there were sea monsters and I got taken by the sea monster once. It was very fun!

**Sock Puppets:** We made sock puppets with a ton of materials and then did a show and in our show all of the puppets in our show were dating Freddie so we all got revenge.

**Flapjack**  
The Criminal Mastermind!

Flapjack is the character I made in the character making workshop during the Star to Be session! This session I created a sock puppet of him and my friend Elle twin one named Jackflap. Jackflap and Flapjack are evil twin crested geckos!  
**PRESLEY L.**

Something I loved from this week was reading through the script with everyone so I could figure out what the show's story was and what everyone's characters were like. I also liked making sock puppets.
